Special Issues in Progress

1. Proceedings of the Valencia Conference on Linear Algebra and Applications; special editors are Michael Neumann, Graciano de Oliveira, and Vincente Hernandez. To appear as Volume 119, June 1989.

2. Proceedings of the Fourth Haifa Matrix Conference; special editors are Abraham Berman, Daniel Hershkowitz, and Leonid Lerner. To appear as Volume 120, July 1989.

3. Linear Systems and Control; special editors are P. A. Fuhrmann, H. Kimura, and J. C. Willems. To appear as Volumes 122/123, August 1989.

4. Linear Algebra and Statistics; special editors are Michael D. Perlman, Friedrich Pukelsheim, and George P. H. Styan. To appear as Volume 127, January 1990.

5. Linear Algebra in Image Reconstruction from Projections; special editors are Yair Censor, Tommy Elfving, and Gabor T. Herman. Submission deadline: November 30, 1988. Details in Volume 99, February 1988.

6. Matrix Valued Function; special editors are Joseph A. Ball, Leiba Rodman, and Paul Van Dooren. Submission deadline: July 1989. Details in Volume 106, August 1988.

7. Interior Point Methods for Linear Programming; special editors are D. Gay, M. Kojima, and R. Tapia. Submission deadline: August 1989. Details in Volume 110, November 1988.

8. Matrix Canonical Forms; special editors are Roger A. Horn, Thomas J. Laffey, and Russell L. Merris. Submission deadline: November 1989. Details in Volume 113, February 1989.

9. Iterations in Linear Algebra and In Applications (Dedicated to G. W. Golub, R. S. Varga, and D. M. Young); special editors are O. Axelsson, J. de Pillis, M. Neumann, W. Niethammer, and R. J. Plemmons. Submission deadline: March 1990. Details in Volume 116, April 1989.
